

HCHS/SOL Ancillary Studies Committee Members (Reviewers)

Bronx

Carmen Isasi, MD, PhD

Cardiovascular disease, obesity, diabetes

Robert C Kaplan, PhD

Cardiovascular disease; diabetes, genetic epidemiology

Qibin Qi, PhD

Genetics, physical activity, obesity, diabetes, metabolomics, gut microbiome

Chicago

Martha Daviglius, MD, PhD

Cardiovascular epidemiology and prevention, healthy aging, low risk/healthy lifestyles, health-related quality of life, subclinical atherosclerosis

Amber Pirzada, MD

Cardiovascular epidemiology and prevention; obesity, diabetes, lifestyle factors, subclinical atherosclerosis

Fernando Testai, MD, PhD

Stroke, neuroimaging

Miami

Frank Penedo, PhD

Mental health, sociocultural issues, cancer

David Lee, PhD

Smoking, hearing, occupational; asthma, vision

Alan Delamater, PhD (ad hoc)

Youth, obesity, mental health, disordered eating

Maria Llabre, PhD (ad hoc)

Metabolic syndrome, quantitative methods, childhood adversity

San Diego

Linda Gallo, PhD

Mental health, sociocultural factors, social determinants, diabetes

Humberto Parada, PhD

Cancer, health behaviors, epidemiological methods, environment, genetic factors

Greg Talavera, MD, MPH

Cardiovascular disease; Diabetes, cancer prevention and control

Coordinating Center

Kari North, PhD

Genetic epidemiology

Daniela Sotres-Alvarez, DrPH

Biostatistics, diet/nutrition, physical activity, sedentary behavior

Haibo Zhou, PhD

Biostatistics, environmental, neurocognitive, reproductive epidemiology

Central Lab

Bharat Thyagarajan, MD, MPH, PhD

DNA sequencing, mitochondria in breast and colorectal cancer

NHLBI

John Kunz, MS

Protective and risk factors associated with cardiovascular disease

Field Center's Clinic Manager (for participant-facing ancillaries) Recruitment and operations implementation
